## R3,630

The Patriot Xporter Core USB flash drive is designed for users who require ample storage and convenient access to their data. With a storage capacity of 1 TB, it provides space for files, documents, and multimedia, all while easily fitting into a pocket or attached to a keychain. The USB 3.2 Gen 1 interface ensures fast read rates of up to 80 MB/s for seamless data transfers without delays.

This USB flash drive is both practical and user-friendly, featuring Plug-and-Play functionality that allows for quick connection and immediate use. Its compatibility with a variety of devices makes it an essential accessory for anyone looking to expand their portable storage options, whether for personal use or professionals on the go.
