HP 4-in-1 SFF (2.5in) HDD Carrier

Model: B8K60AA

Manufacturer: HP INC.

EAN: 887111103819

Product Code: 20768

R5,932

The 4-in-1 SFF Carrier allows for the installation of up to four 2.5" devices (HDD or SSD, SATA and SAS, max height 15mm). This carrier fits into a standard 5.25" external device bay and supports 6Gb/s operation (SATA and SAS).

Features

- This carrier features four removable trays, designed to load and unload into the carrier tool-free. The carrier also features two 40mm rear cooling fans to aid in thermal management.
- The device requires two 4-pin Power connectors, and provides four SATA signal headers (7-pin).
- Front LED indicators are used to display power (Green) and Drive activity (Amber).
- This carrier is compatible with HP Z620 and Z820 Workstations, and may be compatible with other Workstations using the standard 5.25" external device bay.
