

**WD Red SSD
SN700 NVMe
1TB M.2 2280
PCIe Gen3 8Gb/s
internal drive
for NAS devices
POWERED BY
SANDISK**

Model: WDS100T1R0C-68BDK0

Manufacturer: SANDISK

EAN: 718037891323

Product Code: 21024

R7,572

The WD Red SN700 combines performance and reliability in a compact M.2 2280 form factor. With a capacity of 1 TB, this solid state drive offers rapid internal data rates of up to 3430 MBps, ensuring efficient management of data storage and retrieval. Designed for 24x7 continuous operation, it excels in environments that demand access and performance, making it an ideal choice for both personal and professional use. Operating under a temperature range from 0°C to 70°C, the WD Red SN700 is built to endure challenging conditions without compromising performance. With an endurance rating of 2000 TB for SSD use, it ensures longevity and dependability, making it suitable for application workloads. Coupled with PCI Express 3.0 x4 (NVMe) technology, it features

exceptional random read and write speeds, enhancing system responsiveness and overall computing efficiency.

Product Description: WD Red SN700 WDS100T1R0C-68BDK0 - SSD - 1 TB - PCIe 3.0 x4 (NVMe) |
Type: Solid state drive - internal | Capacity: 1 TB | Form Factor: M.2 2280 | Interface: PCIe 3.0 x4
(NVMe) | Features: 24x7 continuous operation | Dimensions (WxDxH): 22 mm x 80 mm x 2.38 mm |
Weight: 7.5 g | Manufacturer Warranty: 5-year warranty
