

TRANSCEND 1TB 2.5inch SSD SATA3 3D TLC

Model: TS1TSSD225S

Manufacturer: TRANSCEND

EAN: 760557859000

Product Code: 21099

R4,400

Discover the Transcend SSD225S, a solid state drive designed to elevate your computing experience with robust performance and reliability. With a generous 1 TB capacity, it meets the needs of intensive data users and gamers alike. The drive boasts a high data transfer rate of 560 MBps, enabling quick access to your files and applications. It incorporates 3D NAND technology, which not only enhances storage efficiency but also improves endurance and speed. Advanced features such as LDPC error correction, DevSleep mode, and SLC cache work together to optimize performance and extend the drive's lifespan. Additionally, the SSD225S is built to withstand the rigors of daily use, featuring shock-resistant technology and an impressive MTBF of 2,000,000 hours. Whether you're upgrading your personal computer or enhancing a corporate system, the Transcend SSD225S offers a reliable and efficient storage solution.
