

Seagate EXOS 2X18 internal hard drive 16 TB 7200 RPM 256 MB 3.5" SAS

Model: ST16000NM0002

Manufacturer: SEAGATE

EAN: 8719706030755

Product Code: 21148

R14,365

Driving Storage Innovation Forward

Introducing Exos® 2X18 — our latest hyperscale hard drive built with MACH2™ multi-actuator technology for concurrent data transfer, increasing IOPS and doubling the performance of traditional hard drives. The benefits? SSD performance in an 18 TB and 16 TB, 12 Gb/s SAS or SATA solution that effectively uses full hard drive capacity without sacrificing latency, lower TCO, and the perfect fit for data centres running demanding applications.

MACH.2 for Boosted Capacity and Performance

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Experience the best of both worlds — Exos 2X18 features dual actuators delivering 2× more performance for random IOPS and sequential data rates.

Optimise Watts Per TB

PowerBalance™ helps reduce TCO with a helium-sealed drive design for lower power and weight.

Meet Data Centre Demands Head-On

Exos 2X18 delivers a 2 Gb/s SAS or SATA solution that effectively uses full hard drive capacity without sacrificing latency.

Proven Enterprise-Class Reliability

Equip your data centre for the long haul with 2.5M hours MTBF and a five-year limited warranty.
