The WD Green SN350 NVMe SSD offers a reliable storage solution with a capacity of 500 GB, designed to enhance system performance for all computing needs. With an internal data rate of up to 2400 MBps, this SSD boosts load times and data transfers, making it an ideal choice for casual users and gamers. The M.2 2280 form factor allows for easy integration into a range of devices while maintaining a compact footprint.

Built with triple-level cell (TLC) NAND flash memory, the WD Green SN350 ensures efficient data storage and longevity, with an SSD endurance rating of 60 TB. It operates within a temperature range of 0°C to 70°C and can withstand rigorous conditions, making it suitable for various environments. With robust performance in random read and write speeds, this SSD delivers responsiveness and reliability that complements everyday computing and demanding applications.
