The WD Purple Pro hard drive is engineered for the challenges of continuous surveillance systems. With a robust design that includes tarnish-resistant components and a high tolerance for shock, this hard drive ensures reliable operation in various environments. Its 14 TB capacity provides ample storage for high-resolution video recordings, while the support for up to 64 cameras makes it an ideal choice for extensive surveillance setups. Advanced Format technology and a 512 MB buffer size enhance data reliability and system performance, ensuring smooth video playback and recording. Additionally, the drive's energy-efficient performance, with low power consumption in read/write, idle, and standby modes, contributes to a reduced total cost of ownership. Whether for security, safety, or compliance, the WD Purple Pro delivers the storage performance and reliability needed for peace of mind.
