The Transcend MTE310S solid state drive offers a powerful combination of performance, reliability, and efficiency, making it an excellent choice for upgrading your computer. With read speeds up to 5000 MBps and write speeds up to 3500 MBps, this SSD drastically reduces system boot-up time and accelerates data transfer, providing a smoother and more responsive computing experience. It is designed to withstand the demands of heavy usage with an SSD endurance of 600 TB and an impressive MTBF of 2,000,000 hours. Advanced features such as LDPC error correction and RAID Engine ensure your data is safe and secure, while the support for PCI Express 4.0 x4 (NVMe) interface ensures fast and reliable connectivity. Whether you're a professional requiring high-speed data access or a gamer looking for improved system performance, the Transcend MTE310S is tailored to meet your needs.

Product Description: Transcend MTE310S - SSD - 1 TB - PCIe 4.0 x4 (NVMe) | Type: Solid state drive - internal | Capacity: 1 TB | NAND Flash Memory Type: 3D triple-level cell (TLC) | Form Factor: M.2
