

GOODRAM SSD PX700 M.2 PCIe 4x4 2TB RETAIL

Model: SSDPR-PX700-02T-80

Manufacturer: GOODRAM

EAN: 5908267965054

Product Code: 21319

R6,920

The Wilk Elektronik GOODRAM PX700 is designed for high-performance computing with an internal data rate of 7400 MBps. This internal solid state drive features 3D NAND technology, ensuring reliable data storage while maintaining optimal speed. With a compact M.2 2280 form factor, it fits easily in various devices and incorporates a low-profile graphene heatsink that aids in efficient thermal management. The PCI Express 4.0 x4 interface enhances data transfer capabilities, making this SSD suitable for demanding applications. Reliable in extreme conditions, the GOODRAM PX700 operates within a temperature range of 0°C to 70°C and can withstand storage temperatures from -40°C to 85°C, making it versatile for diverse usage scenarios.
