

WD Gold 20TB HDD SATA 6Gb/s Enterprise 3.5inch 512MB cache

Model: WD203KRYZ

Manufacturer: WESTERN DIGITAL

EAN: 718037904665

Product Code: 21344

R29,706

The WD Gold 20 TB internal hard drive provides ample storage capacity for enterprise environments. Engineered for reliability, it features a spindle speed of 7200 rpm and an internal data rate of 285 MBps, ensuring efficient data management. The innovative HelioSeal technology promotes higher density storage, while the Rotational Vibration Safeguard helps maintain optimal performance in multi-drive systems. With a data transfer rate of 600 MBps, this hard drive is designed to handle demanding workloads effectively. This hard drive operates within a temperature range of 5°C to 60°C and has robust storage temperature capability of -40°C to 70°C, making it suitable for various operating environments. Its sound emission level is just 25 dBA, running quietly and enhancing the overall user experience. Coupled with a buffer size of 512 MB and a mean time between failures (MTBF) of 2,500,000 hours, the WD Gold hard drive delivers reliable performance for long-term data storage solutions.

Product Description: WD Gold WD203KRYZ - hard drive - Enterprise - 20 TB - SATA 6Gb/s | Type:
