

WD Gold 24TB SATA 6Gb/s 3.5inch

Model: WD242KRYZ

Manufacturer: WESTERN DIGITAL

EAN: 718037904931

Product Code: 21353

R35,528

The WD Gold 24 TB internal hard drive is designed to meet the demands of enterprise environments, making it a reliable choice for data storage. With a robust capacity of 24 TB, it supports large-scale data applications. The drive operates at a spindle speed of 7200 rpm and offers a data transfer rate of 600 MBps, ensuring efficient data handling for high-performance tasks. Advanced technologies such as OptiNAND and ArmorCache enhance data integrity and speed, while the HelioSeal feature provides optimized performance in demanding conditions. Its vibration-resistant design ensures stability, even in multi-drive settings, making it suitable for various enterprise solutions.

Operating within a temperature range of 5°C to 60°C, this hard drive is built to withstand challenging environments, including extreme temperature variations for storage from -40°C to 70°C. With a sound emission level of just 25 dBA, it ensures quiet operation in office spaces. Providing 512 MB of buffer size, along with advanced data management capabilities, the WD Gold hard drive delivers reliability and longevity, boasting a mean time between failures (MTBF) of 2,500,000 hours. This hard drive supports your enterprise needs securely and efficiently.

Product Description: WD Gold WD242KRYZ - hard drive - Enterprise - 24 TB - SATA 6Gb/s | Type:

Hard drive - internal | Capacity: 24 TB | Form Factor: 3.5" | Interface: SATA 6Gb/s | Data Transfer
