The WD Purple Pro is designed for surveillance and smart video applications, with a capacity of 26 TB, ideal for storing high-resolution video footage. With a data transfer rate of 600 MBps and a spindle speed of 7200 rpm, it ensures efficient performance for demanding workloads. The drive supports up to 64 cameras, suitable for extensive surveillance setups, while its advanced features, such as AllFrame AI and OptiNAND technology, enhance data integrity and reliability.

Designed for continuous operation, this internal hard drive offers 24x7 availability, ensuring critical surveillance operations are never interrupted. The WD Purple Pro is built to withstand various environmental conditions, with an operating temperature range from 0°C to 65°C and a storage temperature ranging from -40°C to 70°C. With technologies that provide tarnish resistance and a workload capability of up to 550 TB per year, this drive meets the demands of modern video surveillance systems.
