

SANDISK SSD Plus 2TB 2.5inch SATA SSD Internal SSD Read speeds up to 545 MB/s SATA III 6GB/s

Model: SDSSDA-2T00-G28

Manufacturer: SANDISK

EAN: 619659217990

Product Code: 21432

R6,946

The SanDisk Plus 2 TB solid-state drive offers an internal hard drive solution that enhances system responsiveness and performance. With a compact 2.5" form factor, this drive is ideal for both laptops and desktops. It features a robust storage interface of Serial ATA-600, ensuring efficient data transfer with speeds reaching up to 600 MBps, suitable for demanding applications and multitasking environments.

Operating efficiently within a temperature range of 0°C to 70°C, this drive is designed to meet various environmental conditions. With a mean time between failures (MTBF) of 2,000,000 hours, the SanDisk Plus SSD provides durability and reliability, offering peace of mind for users seeking dependable storage solutions.
