The ASRock Steel Legend Radeon RX 7800 XT video card is designed to meet the needs of gamers and professional users alike. With its AMD Radeon RX 7800 XT graphics processor and 16 GB of GDDR6 SDRAM, it delivers exceptional graphics performance and ultra-fast memory speeds of 19.5 Gbps. The card supports DirectX 12 Ultimate and OpenGL 4.6, ensuring compatibility with games and applications.

Advanced cooling technologies, including a triple fan design, air deflecting fin, and ultra-fit heatpipe, keep the card running at optimal temperatures, enhancing its performance and longevity. The construction features a reinforced metal frame, metal backplate with thermal pad, and components like 90A power choke and nickel plated copper base for stable power delivery and superior heat dissipation.

For those looking to customize their gaming rig, the card offers ARGB lighting and Polychrome SYNC compatibility, allowing for a personalized aesthetic that matches your setup. With support for up to 4
