The ASRock Challenger Intel Arc A770 16GB OC graphics card is engineered to deliver exceptional gaming and creative performance. It features a 256-bit memory interface with 16 GB of GDDR6 SDRAM, enabling fast and fluid graphics rendering for demanding applications. With support for DirectX 12 Ultimate and OpenGL 4.6, it is ready to tackle gaming titles at ultra settings. The card's clock speed of 2150 MHz, combined with Intel's Arc A770 graphics processor, provides the horsepower needed for high-resolution gaming and content creation.

Designed with gamers and creators in mind, this video card offers cooling technologies, including a dual fan design and 0dB technology, for quiet and efficient operation. The high density glass fabric PCB and smart power stages ensure durability and reliability, while the copper base and nano thermal paste enhance thermal performance. With support for up to 4 monitors and compliance with DisplayPort 2.0 standards, the ASRock Challenger Intel Arc A770 16GB OC is a powerful, versatile, and reliable graphics solution.
