NETGEAR GS524PP Unmanaged Gigabit Ethernet (10/100/1000) Power over Ethernet (PoE) Grey

Model: GS524PP-100EUS

Manufacturer: NETGEAR

EAN: 606449149289

Product Code: 216548

R8,227

Instant Connectivity with Reliable Performance

The NETGEAR Gigabit Unmanaged Switch series helps your business cost-effectively expand your network to Gigabit speeds and higher port counts. The GS524PP joins the series and offers 24 PoE+ ports to power high-power PoE devices. With a total PoE power budget of 300W, deploy denser PoE+ devices to a single switch rather than multiple.

The GS524PP is energy efficient, built to last, and rigorously tested to provide the reliability your business needs. 802.1p traffic prioritization and jumbo frame support allow for seamless integration with more sophisticated networks.

Powerful and Energy Efficient

Ideal for powering and connecting VoIP phones, wireless access points, IP Cameras and IoT devices. Desktop or rackmount for flexible placement. The GS524PP gives you a highly cost-effective and powerful switch with the best cost/PoE budget ratio.
NETGEAR Unmanaged Switches support the latest Energy Efficient Ethernet (IEEE 802.3az) standard, which reduces energy consumption when there is light traffic on an active port or when there is no link or no activity detected. It can further save energy when a short cable is used.
