The Goodram PX600 SSD is a solution for demanding users who are looking for reliable memory with fast data transfer. Thanks to the PCIe 4 x4 standard, the drive operates at speeds of up to 5000 MB/s. The parameters of the PX600 will be appreciated by computer graphic designers, gamers, people operating photo and video editing programs and also those working on large data sets. This drive is also an ideal solution for users looking to improve the performance of their PC or laptop. The SSD's blazing speed means smooth operation, system responsiveness, fast loading of games and applications, and comfortable task performance. The drive offers up to 10x better sequential and random transfer performance compared to SSDs with older interfaces.
