All-In-One convenience

Stylish All-In-One with the convenience of FINE cartridge system, perfect for everyday printing, copying and scanning. With A4 ISO ESAT speeds of 7.0ipm mono/4.8ipm colour there's no need to wait long for documents to print. You can also create an A4 colour scan in approx. 14 seconds and A4 colour document copy in approx. 30 seconds.

FINE quality

The FINE print head with ink droplets as small as 2pl and a maximum resolution of 4800dpi ensure high quality prints with fine detail. The hybrid ink system with ChromaLife100+ ensures long lasting vivid colour images and crisp text.

Save money on ink

Print more for less with the cost-effective, high yield PG-512 and CL-513 cartridges. They provide significantly more prints than the standard equivalent, so there are longer periods between ink replacements, which is ideal if you print frequently.

My Image Garden

Experience the full creative potential of your PIXMA with this single toolbox for easy photo printing, scanning and access to online services. Its photo organising capabilities, including face recognition, enable you to discover long forgotten photos left on your PC and create attractive new designs for printing.

Print direct from Facebook

Create eye-catching reminders of your memorable times by printing photos directly from Facebook. In one simple operation, the Print Your Days app lets you print your, or your friends', Facebook photos and create beautiful collages.

Capture movie moments

Full HD Movie Print lets you print quality photos from your movies shot on a Canon digital camera or camcorder. You can select individual frames or merge several frames into one to print, for amazing effects.

Smart web printing

It's easy and efficient to print from the web with Easy-WebPrint EX. This Internet Explorer plug-in lets you clip sections from multiple web pages and combine them into one page, so you only print what you need.

Save energy

Auto Power Off automatically turns the printer off after a selected time allowing you to save energy. For your convenience Auto Power On will switch it back on when you start printing. Quick Start technology means the All-In-One is ready-to-go just seconds after being powered on.
