## Samsung PM9A3 - The Power Behind High Performing Data Centers

Samsung is now unleashing next generation data center performance with its PM9A3 NVMe PCIe SSD. A specialist data center product, this cutting-edge solution offers up to 190,000 IOPS random write time and 6950 MB/S sequential read, as well as up to 50% faster restart times compared to its predecessor. It's also available in a
