files wherever you go. Just slip the USB 3.0 external hard drive in your bag, head out, and connect to your computer via the included cable.

### **No Software. No Fuss.**

When it comes to backup for Windows, Seagate Basic gets straight to the point. You don't need to worry about installing software or anything else — it's ready to go out of the box. To use with Macs, simply reformat.

Welcome to simple, on-the-go storage for your digital world.
