Simple, Secure Access Anywhere

Businesses from small to large all need to get ready for the growing demands of an increasingly mobile workforce and expanding distributed work sites, to compete in today’s global market place. Secure remote access has become an imperative to business success.

Zyxel VPN Clients offer a flexibly easy-to-use, easy-to-manage Virtual Private Network (VPN) solution that provides mobile and distributed users with secure, speed and reliable remote access back to corporate resources. Zyxel offers both SSL VPN and IPSec VPN connectivity options for remote client-to-site access. For SSL VPN, Zyxel SecuExtender provides auto-client connectivity for Windows and easy client connectivity for Mac systems. For IPSec VPN, Zyxel IPSec VPN client enables fast 3-step
