## Tested to extremes

The ThinkCentre M920z AIO is tested for durability against eight MIL-SPEC standards: low pressure (altitude); vibration; high temperature; low temperature; sand/dust; temperature shock; humidity; and shock. Yes, this AIO is reliable.

## Easy on the eyes

The ThinkCentre M920z AIO antiglare display panel scatters light and stays flicker-free, reducing eye strain. Plus, its Eye Comfort and Low Blue Light certifications ensure your eyes will stay comfortable, even when working those long hours

## Save space…

The compact footprint of the ThinkCentre M920z AIO means it will leave your workspace clutter-free and open for business. It’s also VESA-mountable and borderless, and can be used with an optional stand to save even more space.

## …and save time

With the Keyboard Power On feature, you can power up the ThinkCentre M920z AIO directly from the keyboard. Its optional Smart Webcam rotates 180 degrees horizontally and 50 degrees vertically, so you can easily switch from front to rear camera mode and keep video conferences moving along.

## Gets your numbers up

Expect high responsiveness and seamless multitasking even with the most intensive tasks, thanks to the ThinkCentre M920z AIO’s PCIe SSD, powered by 3D NAND technology and optional Intel® Optane™ Memory. Not to mention the added bonus of ultrafast data transfer speeds from its USB 3.1 Gen 2** and USB-C ports. Watch your employees’ productivity soar!

## Keeps your data secure

Rest assured that your data will stay safe, thanks to Trusted Platform Module (TPM) 2.0 data and password encryption. This security-enriched PC also features BIOS-based Smart USB Protection that lets you configure the USB ports to respond only to specific devices, preventing unauthorized access of your files.
