R910

The Lenovo Headphones provide great sound and fit every ear. With 3 unique designs, you can find a fit for any ear. The headphones provide excellent sound from your Think system's 3.5mm audio jack. The inline controls work the majority of smart phones in the market so in between the office and your home, you can stay in touch and on the go. 3.5mm audio works with ThinkPads, tablets, work stations and smart phones.

Lightweight design allows user to carry with them

Unique ear designs:

On Ear fits like a classic earbud headphone

In Ear fits comfortably inside the ear canal, with 3 silicon tips

Over-The-Ear combines the best of the in ear headphone with an over the ear loop to keep the headphones securely in place.
