R3,413

Absolute Resilience

(Security Admin)

Establish resilient security management by ensuring your critical apps always remain healthy with self-healing critical endpoint controls. Remotely identify sensitive data, gather precise insights and remediate endpoint vulnerabilities, or investigate stolen devices.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
