

APC License, EcoStruxure IT Data Center Expert, paper, perpetual, virtual machine activation

Model: AP94VMACT

Manufacturer: APC

Product Code: 289446

R63,070

EcoStruxure IT Data Center Expert ('DCE') Virtual Appliance License provides remote monitoring and management capabilities for your Data Center. The VM Activation license unlocks the full capabilities of DCE on your VMware server. This license can support up to 4025 devices and 250 surveillance cameras based on your configuration. It is part of the EcoStruxure IT DCIM suite of applications, which enables your business to manage their data centers across multiple domains. With EcoStruxure IT Data Center Expert, you can monitor your company-wide multi-vendor physical infrastructure: power, cooling, security, and environment from anywhere on the network. The DCE software collects, organizes, and distributes critical alerts, surveillance video, and key information, providing a unified view of complex physical infrastructure environments from anywhere on the network.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
