The full-size, quiet keyboard features low-profile scissor keys, programmable shortcut keys, and adjustable tilt angles for a comfortable and efficient typing experience. The ergonomically sculpted mouse includes five programmable buttons and adjustable DPI settings up to 4000 DPI, making it ideal for both everyday productivity and precision tasks.

With Dell Display and Peripheral Manager, you can pair devices, customize shortcut keys and mouse buttons, adjust DPI settings, monitor battery status, and update firmware. Battery life of up to 36 months for both the keyboard and mouse, combined with Dell's 3-Year Advanced Exchange Service, ensures dependable long-term performance for business environments.
