and polished-finish metal frame that feels as good as it looks.

Highly acclaimed camera. Pro-level photos.

The Pixel 9 Pro triple rear camera system gives you super-close closeups, sharp selfies and rich colours – even in low light.

50 MP main camera for incredible image quality.

Take amazing low-light photos and stunning closeups with the f/1.68 aperture and 2x optical quality.

48 MP telephoto for pro-level zoom.

The dedicated 5x telephoto lens enables 10x optical quality, and can go up to 30x with Super Res Zoom.

48 MP ultrawide for Pixel's best Macro Focus.

Get up close, and even closer with Macro Focus. You can also zoom way out super wide for astrophotography.

42 MP front camera for super-sharp selfies.

Super wide 103° field of view, dedicated autofocus, and 30% better low-light performance

Videos that move you.

A first for video zoom.

Pixel 9 Pro combines a powerful telephoto lens with advanced video processing to give you smooth, high-quality video up to 20x with Super Res Zoom Video

Amazing video after dark.

Night Sight Video takes sharp videos in low-light situations like restaurants and night-time skylines. So that you see rich detail and colour, even when it's dark.

Cutting-edge 8K video.

Video Boost enhances your video up to 8K resolution. It improves colour, lighting and stabilisation for the best quality video ever on Pixel.

Control your camera like a pro.

Bring your vision to life with advanced camera settings like shutter speed, manual focus and more. The camera also supports full-resolution images.

The camera that makes you feel seen.

True-to-you skin tones.

Real Tone represents the nuances of skin tones beautifully, authentically and accurately in photos and video.

Selfies for everyone.

Guided Frame helps people with low vision take the best selfies. It uses audio and haptics to guide a face right into frame.

Work your magic.

Add your own creative vision to your photos with Pixel 9 Pro's advanced editing and AI tools.

Take a picture. And be in it, too.

Add Me makes sure that no one is left out of a photo. Take one with the group, then swap in the photographer. Pixel magically merges both photos

Group pics that the whole group loves.

Get an amazing group photo by combining similar photos. Pixel finds the best moment, or you can choose everyone's best expression

Zoom. Snap. Zoom some more.

Zoom Enhance helps you get even closer, even after you've zoomed in. AI enhances details and quality, so that the photo looks sharp.

The cure for blur.

Photo Unblur in Google Photos sharpens your fuzzy pics – new or old – in just a few taps.

Reimagine your photos, just like that.

Magic Editor in Google Photos makes advanced photo editing easy with AI and a few taps.

A perfect way to frame it.

Magic Editor can suggest the best crop and reframe your photo. It even expands your image to get more of the scene.

Move whatever, wherever.

Move people or objects anywhere in the frame to make your photos match your vision.

Make distractions disappear.

Get rid of objects, photobombers and other things that you don't want in your picture.

Reimagine the scenery.

Reimagine the scenery just by typing what you want to see, like turn a wall into a bridge or fill the sky with pink balloons.

Pretty much everything.**Now easier.**

Use AI to supercharge your ideas, easily search and organise info, and jumpstart your creativity. With just a few taps.

Gemini. Your built-in AI assistant.**Find answers IRL.**

Take a photo, and chat with Gemini to get help and ideas, like making a recipe from a picture of what's in your fridge
