

HDD AXIS 8TB 02472-001

Model: 02472-001

Manufacturer: AXIS

EAN: 7331021077966

Product Code: 332430

R46,851

Easily expand the capacity of AXIS S11/-S12 Series

Add 8TB of extra storage to your recording server with Enterprise Hard Drive 8 TB. Designed and tested for 24/7 video surveillance, Enterprise Hard Drive 8 TB is made for ultra-high-definition continuous or event-triggered recording at high workloads.

Enterprise Hard Drive 8 TB can be added to an existing RAID array composed of drives of the same capacity. RAID technology provides redundancy and protection against data loss. It's part of an affordable, end-to-end Axis solution with unbeatable reliability.

- Easily expand the capacity of AXIS S11 and S12 Recording Servers
- End-to-end Axis quality
- Optimized for high workloads
