

External HDD LACIE 18TB USB- C USB 3.0 Drives 1 Rotation speed 7200 rpm Black STHS18000800

Model: STHS18000800

Manufacturer: LACIE

EAN: 3660619040902

Product Code: 332431

R19,195

Centralise With an External Hard Drive Thunderbolt 3 Dock.

Laptops today are powerful and portable, but their slim build means fewer ports and memory card slots — and therefore more dongles. The LaCie 1big Dock is here, not only to help you safely store and back up loads of footage, but to charge your phone and USB devices, let you offload files, connect pro 4K monitors, and power your laptop. All through a single cable that leads from your drive to your laptop and dishes out incredible Thunderbolt 3 performance.

SD and CF Card Readers, Ports, and More.

Directly ingest footage, charge devices, connect 4K monitors, daisy chain additional drives, and store your portfolio — that's the magic of 1big Dock. But what's more, you get powerful Thunderbolt 3 performance and the reliability of a Seagate IronWolf Pro enterprise-class hard drive. The result? Your new creative headquarters.

Brilliant. From Start to Finish.

Our plan was to build a solution so refined, so centralised, that you could freely focus on what matters most: creating awesome work.

More Power to You. And Your Laptop.

1big Dock is engineered to keep your laptop charged thanks to its patent-pending power pass-through feature.

Power Pass-Through

Simply connect your laptop's power supply to 1big Dock's Thunderbolt 3 daisy chain port for up to 70W of power delivery.

Power Delivery

When not using your charger, you'll still get up to 45W of power from 1big (up to 30W if you're simultaneously daisy chaining other USB-C devices). Either way, 1big keeps you going when you're knee-deep in the creative process.

A Fierce Hard Drive for Intensive Projects.

A Seagate IronWolf Pro enterprise-class drive lives inside 1big Dock — and it's the secret sauce to sprinting past goals and deadlines. Supporting up to 300 TB/year workloads, this powerhouse HDD is specifically designed for high-speed 7,200 RPM performance, smooth power management, massive

capacity and 24×7 reliability. And for ultimate peace of mind it's covered by a five-year warranty.

Need More Speed? Meet the NVMe SSD.

If you're a filmmaker or DIT harnessing the most demanding footage from the most powerful cinema cameras, speed is of the essence. And for that task, you should meet 1big Dock SSD Pro. Equipped with a Seagate FireCuda NVMe SSD, Thunderbolt 3 technology, and CFast 2.0 and CFexpress card readers for ultra high bitrate footage, you can easily connect peripherals, charge up, and crush your deadlines.

Works with iPad

Connecting your LaCie drive to your iPad's USB-C port brings extra storage to your iPad and lets you access all your files directly from your iPad. Plus, when connecting with the 1big Dock you get all the benefits of its docking station — USB 3.0 port, SD card reader, CF card reader, and even connect a secondary monitor — and it will even power your iPad.

Rescue Data Recovery Services.

When it comes to unpredictable events such as water damage to your studio or a natural disaster, we've got your back. 1big Dock includes Rescue Data Recovery Services lasting the length of your warranty. We'll work tirelessly to help you save your data and money with one in-lab recovery services.

Customise Your Backup With LaCie Toolkit.

LaCie Toolkit makes it simple to give important files the essential added protection they need.

- Back up on demand with one click
- Schedule daily, weekly, or monthly backups
- Sync files and projects across multiple devices

Edit with Creative Cloud.
