HDR-compatible monitors display brighter whites and blacker blacks compared to SDR displays. HDR renders dark and bright areas of an image with many more details, which were indiscernible under the old standards.

Reader Mode

Reader Mode creates a screen with a color temperature similar to paper and provides optimal condition for reading.

Flicker Safe

Flicker Safe reduces invisible flickering on the screen

Built-in Webcam and Mic

Thanks to the pop-up type built-in Full HD webcam with an integrated mic, you can host various meetings and video conferences.

The Productive Workstation

LG QHD monitor with USB Type-C™ and DisplayPort supports Daisy Chain setup. So you can establish a productive workstation by connecting two LG QHD monitors and a laptop using a DP cable and a USB Type-C™ cable.

Easy Control and Connectivity

27BQ75QC-B has a USB Type-C™ port that allows you to charge laptops (up to 65W), transfer data quickly and connect displays. It is also compatible with Mac devices*. Create the ideal workstation with a single cable

Built-in Speakers with MaxxAudio®

This monitor features a built-in stereo speaker with MaxxAudio® that helps you save desk space and delivers life-like audio clarity.

A Variety of Interface

This monitor offers USB Type-C™, DisplayPort, HDMI, RJ45 (Ethernet), and USB (1Up/4Down) compatible with existing devices for a smooth display and Headphone out port support hardware connectivity.

Control with a Few Clicks

You can customize the workspace by splitting the display or adjusting basic monitor options with just a few mouse clicks.

Comfortable Workplace

The ergonomic design allows for convenient height, tilt, pivot and swivel adjustments to create an optimized working environment.
