Get a perfect look around the clock

The vívomove® Trend hybrid smartwatch gives you a classic analogue style and essential smart features such as smartphone notifications and Garmin Pay™ contactless payments.

BATTERY LIFE

Stay on the move longer with a battery life that lasts up to 5 days in smartwatch mode plus up to 1 additional day as an analogue-only timepiece. Fifteen minutes of charging adds up to 1 day of battery life in smartwatch mode. Enjoy the convenience of wireless charging with most Qi-certified charging pads (not included).

A SLEEK LOOK FOR YOUR WRIST

Available in a number of colours, vívomove® Trend hybrid smartwatch features a stainless steel bezel, domed glass and comfortable silicone band, making it perfect for work, the weekend — everywhere. And it's compatible with industry standard 20 mm quick release bands.

TRADITIONAL WATCH DESIGN

The hidden full-dial display appears only when you need it. Interact with the touchscreen, and the hands dynamically move away.

You're connected with essential smart features.

Smart notifications

Receive emails, texts and alerts on your watch when paired with your Apple® or Android™ smartphone. You can even respond to texts if you have an Android phone.

GARMIN PAY CONTACTLESS PAYMENTS

Breeze through checkout lines and selected transit systems with Garmin Pay contactless payment solution through participating providers.

SAFETY AND TRACKING FEATURES

When your watch and phone are paired, a message with your live location can be sent to your contacts manually or — during an outdoor walk, run or ride activity — automatically with built-in incident detection.

CHRONOGRAPH TIMER AND STOPWATCH

Watch the seconds tick as the hands synchronise together as a stopwatch and timer.

Garmin Connect™ app

See your health and fitness information, connect and compete with friends, sign up for challenges to earn badges, and more — all in one free, zero-subscription smartphone app.

Live well with helpful insight.

BODY BATTERY™ ENERGY MONITORING

See your body's energy levels throughout the day so you'll know when your body is charged up and ready for activity or drained and needing to recharge with restful sleep.

WRIST-BASED HEART RATE

The watch samples your heart rate multiple times per second and will alert you if it stays too high or too low while you're at rest. It also helps gauge how hard you work during activities, even while swimming.

SLEEP MONITORING AND SLEEP SCORE

Understand how your body is recovering with our sleep monitoring feature. After waking up, you'll receive a sleep score as well as a breakdown of your sleep stages, Pulse Ox4 and respiration alongside detailed insights for improved sleep quality

.

PULSE OX SENSOR

Use the Pulse Ox sensor4 to spot-check your blood oxygen saturation at any point during the day — or for part of the night as you sleep — to show how well your body is absorbing oxygen.

STRESS TRACKING

Find out if you're having a calm, balanced or stressful day. Relax reminders will even prompt you to do a short breathing activity when the watch detects that you're feeling stressed.

MINDFUL BREATHING

When you want to relax or focus, you can start a breathwork activity, and this watch will track your stress and respiration to help you get a better understanding of how you're breathing.

WOMEN'S HEALTH TRACKING

Use the Garmin Connect app to track your menstrual cycle or pregnancy. Log symptoms, get exercise and nutrition education, and more. Even see and log details on your wrist.

HYDRATION TRACKING

Log your daily fluid intake as a reminder to stay hydrated. You can even have an auto goal for hydration that adjusts based on how much you sweat during activities.

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

RESPIRATION TRACKING

See how you're breathing throughout the day, during sleep, and during breathwork and yoga activities to help you get a better understanding of how you're breathing.

Fitness features that fit your lifestyle.

CONNECTED GPS

Connect to your compatible smartphone's GPS so you can get accurate tracking during outdoor walks, rides and runs.

FITNESS AGE

This feature uses chronological age, your weekly vigorous activity, resting heart rate and BMI or body fat percentage to estimate if your body is younger or older than you are. And you can get tips to lower your fitness age (Index™ S2 smart scale required to use body fat percentage).

Intensity minutes

The intensity minutes feature gives you a better idea of when during the day you earned them and during what activity.

PRELOADED SPORTS APPS

Switch up your workout routine with activity profiles for yoga, strength, cardio, pool swimming and more.

FITNESS TRACKING

While you get out and about, the vívomove® Trend smartwatch tracks steps, floors climbed, calories, intensity minutes and more. Even sync data across multiple Garmin smartwatches.

Designed to be your everyday accessory.

Water rating

This hybrid smartwatch is swim-rated, making it perfect for a swim, shower or spa day.

SMALL, ELEGANT DESIGN
