realistic gaming experience.

Fluid and rapid motion

With AMD FreeSync™ technology, gamers can enjoy smooth, clear movement in high resolution and fast-paced games. It virtually eliminates screen tearing and stuttering, providing an immersive gaming experience.

React swiftly

Reducing input lag with dynamic action sync, gamers can catch critical moments in real-time and respond quickly.

Step ahead in the dark

Black stabilizer helps gamers to detect snipers lurking in the darkest corners and swiftly navigate flash explosions.

Visual splendor

Discover HDR content from various streaming services and enjoy vivid brightness and a wide color range on the LG UHD 4K monitor. With HDR technology supporting DCI-P3 color space, immerse yourself in stunning visuals that bring your entertainment to life.

Streamlined control

Easily control display settings with a few clicks using OnScreen Control software. You can also readily divide the whole display area with screen split

Easy and comfy

Achieve suitable positioning with the ergonomic stand: easily adjust Height, Tilt, and Pivot for your ideal viewing experience.
