More Personalized Interaction from Stock Android 14-Based DokeOS 4.0

Your Style, Your Needs, All Satisfied

No.1 More Comprehensively Improved Ruggedness from Inside to Out

Beyond the Standard: Tougher, Stronger, Better

Forged Tougher, Always Safer

From its outer shell to internal components, from ports to speakers, and from materials to adhesive sealing, BV7300 is designed to maximize its waterproof, dustproof, and drop-resistant capabilities, ready to deliver reliability and protection far beyond standard peers.

Leading IP68 and IP69K Waterproof and Dustproof

Desert or Washer? Worry-free

Navigate torrential rains? Battle dust storms? Clean off the day's work under a high-pressure hose?

Just go ahead and face the water and dust! Boasting both IP68 and IP69K ratings, BV7300 offers dual shields against the elements and will remain in good condition.

Small aperture and fine mesh design to prevent water droplets, dust, and other small particles enter

Apply adhesive around the ribbon cable to seal any gaps

Adhesive sealing with water-repellent backing to create a tight seal

High-density adhesive used to around the edges of the display

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

Use liquid silicone to achieve IPX7 waterproof

Use TPU to interfere with the housing to be IPX7 waterproof

Coated with a nano-layer to provide waterproof protection

Outer casing made of PC and TP to be anti-static and dustproof

Non-woven fabric with a dense fiber structure that can trap fine dust particles

Underwater Camera

Dive In, Shoot Clear

You can take crystal-clear photos and videos below the surface, whether you're snorkeling, swimming, or exploring underwater adventures. Snap vivid shots without worry, turning your water escapades into lasting memories.

MIL-SPEC- 810H Certified

Durability Redefined

Upgraded from MIL-SPEC 810G to 810H, BV7300 can withstand and survive, even when dropped, submerged, or exposed to extreme temperatures. Be it scorching deserts, freezing arctic tundras, or torrential downpours, this device will be your reliable partner along your outdoor trips or work.

Unparalleled Shockproof from Every Angle

Stand Tall Drop after Drop

Crafted with unparalleled toughness to handle all that life throws your way, BV7300 is durable enough to endure shocks, drops, vibrations, and even submersion. An indispensable and perfect companion for adventurers or outdoor enthusiasts.

Reinforced shell, thickened frame, and extra-thick corners reduce impact force.

Raised impact-resistant corners as a buffer zone to absorb shock.

45-degree optimal impact angle after After hundreds of thousands of experiments.

Aluminum alloy frame reinforced with screws to minimize disassembly risks.

Energy-absorbing structure to enhance its shock resistance when dropped.

Unaffected from -20°C to +60 °C

shop.cssi.co.za | sales@cssi.co.za | +27 (11)541-9950

Chill or Heat? Ready for It

Wherever your adventures take you, from frost-covered peaks to sun-baked deserts, this phone which has remarkable temperature resistance from -20°C to +60°C promises it will stay by your side to provide you with normal and good function.

Durable Corning Gorilla Glass 5

Front and Back, Never Crack

Made of Corning Gorilla Glass 5, the screen of BV7300 is up to 4 times more drop-resistant than their peers made of common glass. Plus, it ensures super clear visibility whether you're caught in a sandstorm or navigating rocky terrains.

Customized Shortcut Button

Click, Go, Access

With just one click, double clicks, or long press, you can effortlessly access the function or app you prefer, like opening the flashlight, SOS, and more.

No.2 Enhanced Safety with Dual Versatile Camping Lights & 20MP Night Vision Camera

Day and Night, Peace of Mind

Dual Super-bright Camping Lights

Shine Brighter, Camp Better

Featuring two built-in camping lights with 800 lighting beads, BV7300 redefines clarity and illumination. Whether you're setting up camp or navigating the dark, BV7300 always lights up your way ahead.

User-friendly Control

Adjust According to Your Need

You can open the camping light either from the tool bag or from the shortcut button. It has 3 lighting

without frequent recharging. Once charged fully, enjoy days of fun.

45W Fast Charging

10 Minutes Charge, 20% Power Surge

The 45W fast charging on BV7300 boosts the battery in less time and gets back to what matters most. On the go or in a rush? No more waiting around.

Intelligent Power Saving Mode

Adjust, Longer Use

You can switch freely between performance mode and battery saving mode, thus extending the battery life by up to 5 hours.

Intelligent Charging Protection

Smarter, Longer Usage Time

When the battery reaches 80% at night, the system will automatically stop charging and smartly decide whether to continue or not based on the actual condition later. This prevents overcharging, thereby extending battery life.

7W Reverse Charge

Pocket-Friendly & Reliable Power Source

BV7300 is more than a rugged phone; it's a portable power bank as well, ready to recharge your other devices, from earbuds to smartwatches, ensuring you stay connected and entertained on and on.

6.67-inch Immersive HD+ Display

Larger Screen, Better Viewing

Experience stunning visuals with BV7300's 6.67-inch immersive display. From watching videos, working with documents to view maps or data on the go, its large and super clear display just brings

your content to life.

700-nit Brightness

Brightest Sunlight? Fear Not!

BV7300 boasts a dazzling 700-nit display, ensuring stunning clarity and vibrant visuals, even in the brightest sunlight. Perfect for outdoor enthusiasts or anyone on the move, never miss a detail again!

90Hz Dynamic Refresh Rate

All Interaction as Smooth as Silk

BV7300's 90Hz dynamic refresh rate keeps your every scroll, swipe, and interaction as smooth as silk. Whether you scroll social media or play intensive games, it just offers crisper details, reduced motion blur, and an overall enhanced viewing experience.

Eye-friendly Modes

Every Tap and Swipe, Eye First

Night Light Mode

Intelligently adjust the screen color to amber and allow you to read or look at the screen comfortably in dim light.

Reading Mode

Mimic the warmth of a paperback and transform your screen into a digital book that's easy on the eyes, anytime, anywhere.

Dark Mode

Help conserve battery life and ensure a soothing viewing experience simultaneously with three modes: Enhance, Moderate, and Gentle.

Dual Box Speakers

Feel the Beat, Feel Alive

Want to experience an immersive musical feast? Equipped with dual box speakers, BV7300 provides powerful and immersive sound effects that allow you to revel in every note, deep bass or crisp treble.

No.4 Smoother Operation with Up to 18GB RAM, 256GB ROM, and Octa-core G81

Power to Play, Speed All Day, Lead Your Way

Octa-core MediaTek Helio G81

Incredible Power, Unimaginable Efficiency

Powered by the robust Octa-core MediaTek Helio G81, BV7300 allows for seamless multitasking, powerful gaming, and peak efficiency, all within a durable design.

Up to 18GB RAM

Amazing Speed, Always

With up to 18GB RAM, BV7300 enables you to smoothly run multiple applications simultaneously without slowing things down or frequently turning off background apps to free up memory. Never miss a beat, no matter how demanding the task.

256GB ROM + 2TB TF Expansion

Massive Storage, Maximum Freedom

Constantly worry about lacking space because of your obsessing over saving videos or installing apps? Thanks to its 256GB ROM and 2TB expandable storage on BV7300, you are offered enough space for files, episodes, games, and more.

Atomized Memory 2.0

More RAM, More Possibilities

Intelligently allocating RAM to avoid slowdowns, it can help free up to 9% additional capacity for

running more background apps or tasks, significantly boosting the overall performance of your device.

Smart Pre-Loading

One Step Ahead

Smartly anticipating the apps you're about to use, this feature pre-loads them for instant access, reducing loading times and keeping you one step ahead in every task.

8,500mm² Integrated Cooling System

Stay Cool, Stay Ahead

Imagine your phone becomes really hot after an extended period of use. Quite annoying, right? The 8,500mm² heat dissipation area on BV7300 can help it stay cool and maintain optimal performance even during intensive tasks.
