R4,411

Introducing Craft, complete creative control at the desk.

Type with confidence on a keyboard crafted for efficiency, stability and precision. Backlit keys light up the moment your hands approach, and automatically adjust to suit changing lighting conditions. The creative input dial revolutionizes the way you work by giving you instant access to the tool you need, the moment you need it. Touch the dial to instantly access a menu of functions, tap to change function, and turn to change the selected function's value. The intuitive dial adapts to the app you're using – keeping you in your flow and completely focused on your work.

- **THE CROWN – A UNIQUE CREATIVE INPUT DIAL.** The Crown is a tactile aluminium dial that adapts to the app you're using – giving you instant control of the tool you need. Touch the Crown to access context-specific functions, tap to change function and turn to change the

selected function's value.

- **OPTIMISED WORKFLOW.** Install profiles in Logitech Options to enhance the Crown for use with Adobe Photoshop, Illustrator, Premiere Pro, InDesign, as well as Microsoft PowerPoint, Excel and Word. Adjust brightness in Photoshop, instantly create a chart in Excel and enlarge text in InDesign with a turn of the crown.
- **PREMIUM TYPING.** Type with confidence on a keyboard crafted for efficiency, stability and precision. Your fingers glide effortlessly between the matt surface of the keys. The large strike area and spherical dishing mean you can touch type with precision. Increased key stability reduces noise while optimising responsiveness.
- **SMART ILLUMINATION.** The backlit keys light up the moment your hands approach and automatically adjust to suit changing lighting conditions.
- **INTUITIVE USER EXPERIENCE.** Enjoy a balanced and natural creative experience. Use the Crown to adjust your work, the mouse to navigate and the keyboard to type with precision. Be more efficient by using intuitive controls that fit seamlessly into the way you work – instead of relying on complicated shortcuts and unnatural movements.
