

MOBILE PHONE POWER ARMORX11PRO/4/64GB BLACK ULEFONE

Model: X11PRO BLACK

Manufacturer: ULEFONE

EAN: 6937748735014

Product Code: 333714

R3,523

Engineered to stand up to challenges in the most difficult physical environments. The Ulefone Power Armor X11 Pro reached IP681 and IP69K levels with resistance to water, dust, dirt, and sand. Plus, it has undergone rigorous tests to meet the MIL-STD-810G standards and can thus withstand not only extreme temperatures but shocks from all faces, edges, and corners.

Don't let cracked screens or water damage bring productivity to a halt. This tank-like rugged smartphone will survive water, dust, bump, or drop, making it ideal for use in dangerous environments. Whether you work on industrial or construction sites, or you love extreme sports such as rock climbing, kayaking and diving, go ahead.

In line with the idea of neatness of Ulefone Armor X series, the new Power Armor X11 Pro packs a superior level of rugged durability in a slim, lightweight design for all your adventures. At a time

when every rugged phone seems to be big and heavy, this phone is so surprisingly modern and compact that it fits easily into your pocket and is comfortable to hold even with one hand.

The largest battery ever embedded in a small rugged smartphone. The Power Armor X11 Pro brings to the industry a rare combination of compact size and long battery life. A larger 8150mAh battery keeps the phone going much longer, delivering up to 4 days² of normal use on a single charge. And its 5W OTG reverse charging can be a lifesaver sometimes, to fuel another phone, watch, or earbuds.

In the all-screen, 18:9 ratio HD+ (1440 x 720) resolution display with immense details, texts look sharp, images look crisp, and videos look rather vivid and smooth. Watch movies, check messages, or browse through content, you can stay fully immersed in whatever you're doing.

The MediaTek Helio G25 octa-core chip offers a great balance between performance and power efficiency, with 2.0GHz high-frequency Arm Cortex-A53 CPU and 520MHz IMG PowerVR GE8320 GPU. It comes with 4GB of RAM and 64GB of internal storage⁴ that suit most of the usage scenarios of the phone, while also supporting a 128GB microSD card⁵ for more possibilities.

Capture every adrenaline-fueled moment with dual rear cameras. The 16MP Main Camera powered by Samsung image sensor enables instant auto-focus to capture exciting action, and the Depth Sensor⁶ creates stunning Bokeh effects in photos to upgrade your photography game. Plus with great low-light performance and light AI enhancements⁷, the phone takes high quality photographs and video, day or night.

The Ulefone Power Armor X11 Pro comes equipped with the latest Android operating system, which gives a pure, pleasant Android experience that is free of annoying ads. More personal, safe, and effortless than ever, Android 12 offers a big visual redesign, new privacy features, and more seamless ways to boost your gameplay and transfer your old data.

Convenient, hassle-free NFC technology offers a fast and safe way to make payments with Google Pay⁸, to scan public transit cards, and to store and use your loyalty cards, points cards, credit cards and debit cards. Don't have to carry all these physical cards around.

The Custom Key⁹ on the left side provides a handy physical shortcut. It can be programmed to open

different apps or trigger certain functions you need in a hurry, such as Push-to-Talk, Flashlight, Screenshot, Sound Recording, Underwater Camera, and Emergency Call.

Just dive in! Explore and capture photos and videos under the water with the Underwater Camera. The fully waterproof device lets you see fishes under the sea, capture crazy scenes of white-water rafting, or shoot in the worst weather.

No more carrying a heavy toolbox. Ulefone Power Armor X11 Pro is preloaded with a thoughtful array of apps 11, which can provide useful information for professionals and outdoor enthusiasts, including Compass, Gradienter, Protractor, Plumb Bob, Height Meter, Flashlight, Magnifier, Alarm Bell, and Hanging Painting.

Whether you're out working in field, exploring outdoors, or journeying through the forest, the phone will always have your back and guide you to your destination, thanks to its rugged reliability and multiple navigation options (GPS, Glonass, Galileo, BeiDou) that offers great location accuracy and wide coverage worldwide.

Enjoy your camping trip with peace of mind. The built-in FM radio is the best travel companion, keeping you informed of the latest weather alerts and entertained with online music, shows and news without connecting headphones. Powered by the phone's massive battery, it ensures great playback time and makes an ideal alternative to old traditional FM radios.

Enhanced Dual 4G12VoLTE13allows you to make HD voice and video calls from either SIM, while at the same time delivering stronger signal, more reliable coverage, and lower power consumption.

Dual-band Wi-Fi (802.11 a/b/g/n/ac) provides two separate Wi-Fi networks, each on 2.4GHz and 5GHz bands giving more flexibility and less interference especially for video and gaming.

The exclusive Armor Case 14 for Ulefone Power Armor X11 Pro is made from rigid plastic to provide extra protection for the back and corners and, more excitingly, it comes with a heavy duty carabiner and a belt clip, so you can attach the phone to backpacks or belts for ease of access when adventuring outdoors.
