React in real time

165Hz refresh rate

Conquer every enemy, even at soaring speeds. 165Hz refresh rate eliminates lag and motion blur for exhilarating gameplay with ultra-smooth action.

Measure reactions in milliseconds

1ms response time (MPRT)

Make every move count with a 1ms response time. Screen pixels change colour with near-instant response, enabling fast-paced action to flow with real-world accuracy. Your on-screen performance is

as swift as your own reflexes.

Uninterrupted game flow

AMD FreeSync Premium

Effortlessly smooth gameplay. AMD FreeSync Premium features adaptive sync technology which reduces screen tearing, stutter, and input latency. Low framerate compensation ensures every scene flows seamlessly.

See your game your way

Ergonomic design

Reach the height of winning. Swivel, tilt and adjust your monitor until all enemies are in perfect view. Your display can be moved freely so you can find total gaming comfort.

Take in the full view

3-sided borderless design

Your legacy has no boundaries. The 3-sided borderless design unveils maximum space for bigger, bolder gameplay. Line up two displays precisely in a dual-monitor setup, so no enemies slip through the cracks.

Fresh eyes win more

Eye Saver Mode & Flicker Free

Play for even longer. Eye Saver Mode minimises blue light enough to keep eyes relaxed and comfortable when gaming for extended periods. Flicker Free technology continuously removes tiring and irritating screen flicker so you can focus longer with less distraction or eye strain.
