## LH900XW Wireless Active Noise Cancelling Headphones

The LH900XW are the premium, flagship entry within the Lindy headphone family. With superior audio performance, hybrid noise cancellation and USB C charging, the LH900XW provide an extensive feature set for an exceptional listening experience. Deep bass, crystal clear clarity and sparkling treble delivers unrivalled premium audio performance across music, movies and games. Featuring hybrid noise cancellation, the LH900XW utilises noise detection microphones placed externally on the earpieces (Feedforward) and inside the speaker driver assembly (Feedback). This

combined technology ensures a truly private and intimate listen, providing up to 95% ambient noise cancellation. When the headphones are removed, discreetly located sensors pause audio playback, resuming when worn, ensuring nothing is missed from an engaging podcast, song or video. Audio Pass-through modes provides the user with ability to easily allow some external noise in at the click of a button when in noise cancellation mode. Crucial information, important announcements or a nearby conversation can easily be heard without removing the LH900XW. A rechargeable battery life of up to 15 hours provides continuous playback of audio for an uninterrupted wireless listening session, while the included 3.5mm audio cable ensures audio can carry on playing even longer. USB Type C charging provides a flexible solution for connecting a reversible Type C cable easily, regardless of which way the cable is inserted. For added convenience the charge status of the LH900XW can be monitored thanks to an integrated battery monitor, or on the screen of compatible iOS devices. Soft protein leather earpads and an easily adjustable headband provides optimum fit and comfort even over longer periods.
