

HEADSET H800 WRL/981- 000338 LOGITECH

Model: 981-000338

Manufacturer: LOGITECH

EAN: 5099206029361

Product Code: 334083

R2,711

Our best and most versatile headset, essential to mobile and computer users, as well as gamers. The H800 features a USB nano receiver for computers and Bluetooth® for smartphones, tablets and Bluetooth-enabled computers. It is easy to connect and switch between devices with no wires to get in your way. HD stereo sound delivers rich, digital audio without distortion. Microphone arm is easily adjustable to just the right position you need to talk to clients or teammates and can be tucked out of the way when not being used. Full set of controls located on the right ear cup.

- **WIRELESS AUDIO** – Pair any Bluetooth-enabled device or insert the leave-in nano-receiver into a USB port and move freely up to 12 metres (40 feet) away from your device. The rechargeable battery provides six hours of reliable wireless audio.
- **RICH HIGH-DEFINITION STEREO SOUND** – Laser-tuned drivers and built-in equaliser keep distortion to a minimum. Enjoy rich, crystal-clear, digital audio that lets you detect even the

most subtle noises for full immersion in music, games and calls.

- **NOISE-CANCELLING MIC** – The flexible mic can be positioned for better voice capture and background noise reduction. Tuck the right-sided boom inside the headband and out of the way when you're not using it.
- **ON-EAR CONTROLS** – A full set of controls including volume, mute, call handling, song advance/replay and device select is located on the right ear cup. It's possible to adjust ongoing calls and entertainment without disruption. You can store the nano-receiver inside the left ear cup when you're on the go.
- **CUSHIONED COMFORT** – Padded headband and sculpted foam ear cups provide hours of comfort. The headset folds up easily for portability.
