Model: 4P5E1AA#ABA

Manufacturer: HYPERX

EAN: 196188046340

Product Code: 334189

R2,510

Responsive, reliable, radiant.

The HyperX Alloy MKW100 is an affordable, full-sized mechanical keyboard that’s great for gaming, work, and school. Personalize your keyboard with dynamic RGB lighting and effects that you can easily customize with HyperX NGENUITY Software. Alloy MKW100 has a durable, brushed aluminum frame and features reliable responsiveness thanks to dust-proof[2] mechanical switches rated for up to 50 million key presses. Play comfortably with the included wrist rest or detach it to suit your needs.
