efficient external storage option that you won't want to miss out on!

10Gbps Blistering Speeds

Transcend's ESD320A portable SSD features a super-fast 10Gbps transfer rate and cutting-edge SLC Cache technology, delivering blazing R/W speeds of up to 1050/950 MB/s. With such competitive performance, this small drive makes large file transfers virtually hassle-free, effectively giving you the power of a mini SSD in the palm of your hand! The ESD320A is also backward compatible with USB 2.0 & 3.0 devices, allowing for greater accessibility and ease-of-use.

Classic Design, Always Dependable.

The ESD320A is built with high-quality alloy that is incredibly durable, keeping your data safe and intact wherever you go. An integrated lanyard hole allows for more attachment options. The built-in ECC functionality also provides enhanced stability for data storage.

Retractable USB-A Connector For Cable-Free Convenience

The ESD320A comes with a retractable USB Type-A connector, protecting it from damage while also making it convenient to carry. Just plug it into the Type-A port on your devices and enjoy fast file transfers, no cable needed!

High Capacity Always Within Reach

The ESD320A provides up to 2TB of storage capacity. Whether it's 4K/8K video, music files, or high-resolution photos, you can easily take everything with you wherever you go.

Breaking Boundaries With Universal Compatibility

The ESD320A can be used with multiple devices and operating systems, including Windows and macOS. It provides ultra-fast transfer speeds and extra-large capacity expansion for PCs, laptops, smart TVs, EVs, Mac mini/Studio, and even gaming consoles. The incredible versatility makes it a convenient and efficient option for those looking to expand their storage space.

Powerful Protection, Advanced Security

Transcend's storage devices provide exclusive disk lock and security functions, which work on both Windows and Android systems. With Transcend Elite software, safeguard your entire drive and the files inside with password protection. Additionally, our storage devices meet the hardware-based
