MEMORY DRIVE FLASH USB3.1/128GB TS128GJF890S TRANSCEND

Model: TS128GJF890S

Manufacturer: TRANSCEND

EAN: 760557846154

Product Code: 335123

R3,477

Meeting the new generation of USB Type-C technology, the JetFlash 890 USB 3.1 OTG Flash Drive features a dual connector - a reversible USB Type-C connector and a regular USB 3.1 (Gen 1) connector* - that is designed to transfer and back up your photos, music and videos between the latest USB Type-C port equipped devices such as MacBook and your PC, laptops and Mac computers. Plus, with the free-to-download Transcend Elite App, you can easily explore files on the JetFlash 890 and quickly back up all your precious files stored on your MacBook, smartphone and tablet.

Dual USB connector, double convenience

Thanks to the USB OTG (On-The-Go) technology, the JetFlash 890 combines a regular USB 3.1 (Gen 1) connector and a USB Type-C connector into a USB flash drive, providing you greater portability to transfer precious photos, music, videos and any other digital files between tablets, smartphones,

Mac computers, PCs and laptops.

Either way is connected with USB Type-C

It could be a real hassle trying to get the right side connected to the USB port, but this is no longer the case now. Featuring a reversible design, the JetFlash 890's USB Type-C connector saves not only the efforts to try twice or three times before actually connecting to the USB port, but also your time on data transfer with one-time plug-in.

Unparalleled transfer speeds

Equipped with the SuperSpeed USB 3.1 Gen 1 interface, the JetFlash 890 delivers transfer speeds of up to 130MB/s, meaning lightning-fast access to your data.

Get extra space with up to 128GB capacity

With up to 128GB capacity and the Type-C USB OTG port, you can effortlessly expand the storage capacities of your mobile devices. “Memory Full” message will not ruin your important moment anymore.

Great entertainment with a full-size USB

The standard USB interface allows you to easily transfer files to any regular USB port-equipped devices, including desktops, Ultrabooks, laptops, TVs, Blu-ray players, DVD players, stereos and games consoles.

Splashproof and dust resistant

Using innovative COB (Chip on Board) engineering and assembled with a metallic casing, the JetFlash 890 is completely resistant to dust and splash yet extraordinarily lightweight, bringing you to another level of durability.

Free from data loss with a simple end cap

The cap is designed to fit in with both ends of the JetFlash 890. When one connector is occupied, you can cap on the other side of USB connector, making sure the cap is always on the JetFlash 890 to protect the USB connectors as well as the data.

Value-added Software
