Colmi P71 smartwatch (gold)

With the Colmi P71 you can monitor your health and fitness throughout the day. The smartwatch has a large 1.9" display that provides convenient access to all functions. The powerful battery provides up to 7 days of use. It offers more than 100 sports modes, and will allow you to take better care of your health - it monitors heart rate, saturation, sleep and menstrual cycle. It allows you to make phone calls, and thanks to its IP68 protection rating, you can use it without worrying about accidental splashes.

Large touchscreen display

The Colmi smartwatch is equipped with a large 1.9-inch IPS HD touchscreen display, which offers a resolution of 240 x 284p. As a result, the image is clear and easy to read, and operation is child's play. However, it doesn't stop there! You can personalize the appearance of the display by choosing from more than 230 available dial designs.

More than 100 sports modes

Do you want to take care of your physical fitness? Or perhaps you wish to improve your performance in your favorite sport? The Colmi smartwatch is an indispensable partner during your workout! It offers more than 100 sports modes, so everyone will find something suitable for themselves. Strength training, running, cycling or maybe karate? Choose your favorite activity or try something new! The smartwatch also monitors calories burned, heart rate, distance traveled, number of steps and more. Achieve your sports goals with Colmi!

Take care of your health

Colmi P71 will also help you keep an eye on your health, so you can react to worrying symptoms in a timely manner! The smartwatch monitors your heart rate 24 hours a day, allows you to monitor your blood oxygen saturation levels, and also offers a sleep monitoring function. This will help you better understand your habits, which will help you improve the quality of your sleep. Also at your disposal are breathing exercises and a menstrual calendar to track your menstrual cycle.

Stay connected to the world

With Colmi, you don't have to worry about missing an important message! Once paired with your smartphone, the P71 smartwatch will instantly notify you of all messages and notifications from the app,among others. Facebook, WhatsApp or Instagram. The device also allows you to manage calls - all thanks to the built-in speaker and microphone! You can successfully use it to answer an incoming call, dial a number from the last call log or add a number to your favorite contacts. See for yourself how easy it is!

Additional amenities

That's not all that the P71 smartwatch has to offer! The device offers the assistance of a smart voice assistant, so all you need is a simple voice command to check the weather or start the music player. It's also possible to control your smartphone's camera remotely, check the weather forecast, set alarms or even play games.

With comfort in mind

The smartwatch will be great for everyday use. Thanks to its lightweight design (39g), you can wear it on your wrist all day long without worrying about discomfort. IP68 water resistance means that the watch can accompany you almost always. It is unafraid of sweat, rain or accidental splashes. You can wear it without fear while washing dishes, working out intensively at the gym or even while walking in rainy weather.

Long working time

Are you going to the mountains or on a bicycle trip? Or are you facing a running workout? You no longer have to worry that the smartwatch will refuse to work when you need it! It features a 230 mAh long-lasting battery, which allows up to 7 days of operation on a single charge. On the other hand, the watch can last up to 15 days in standby mode! Its charging will take you about 2 hours, and the magnetic cable you'll find in the set will make this task easier.
