Onikuma CW917 gaming mouse (white)

The Onikuma CW917 is a wireless gaming mouse that combines modern design, functionality and unparalleled convenience. Designed with gamers in mind, it offers adjustable DPI, impressive RGB backlighting and a lightweight design, making every gaming session a pure pleasure. If you're looking for an accessory that will take your gameplay to the next level, the CW917 is an excellent choice.

Ergonomic design for comfort and performance

The unique design not only provides a futuristic look, but also reduces the weight of the mouse, making it extremely comfortable to use even during long gaming sessions. The ergonomic shape adapts to your hand, eliminating the feeling of fatigue, allowing you to play with full concentration.

Adjustable DPI - precision under your control

Adjust the DPI resolution to suit your needs and playing style. The Onikuma CW917 allows you to seamlessly switch between five DPI levels ranging from 800-4800, ensuring maximum precision in both fast-paced FPS gameplay and accurate strategic action. This is a mouse that can keep up with your requirements.

Gaming vibe with RGB backlighting

The CW917 is equipped with dynamic RGB backlighting that adds atmosphere to any game. With a variety of lighting effects, the mouse not only enhances your style, but also brings a unique mood to your gaming rig.

Wireless convenience and smooth operation

Use the adapter (included) and enjoy complete freedom with wireless technology. The CW917 provides a fast and stable connection that guarantees smoothness and no lag, regardless of the intensity of your game. If you prefer, you can use a cable - the mouse works in both wireless and wired modes.

Versatility and compatibility

Onikuma CW917 is compatible with desktop computers, laptops and other devices. Whether you are gaming, working or browsing the Internet, this mouse will meet all your needs. Its modern design fits in perfectly with high-end gaming accessories.
