Onikuma G55 Keyboard (black) (QWERTY)

The Onikuma G55 Keyboard (Black) is an excellent choice for those looking for a powerful, wired device with a compact design. Equipped with 61 keys and RGB backlighting, it offers convenience of use and a stylish design that will fit perfectly into a gaming or office space. Thanks to its waterproof design and durable ABS material, this keyboard will perform well in everyday use, offering reliability and resistance to accidental spills.

Minimalism in a compact form

The Onikuma G55 is a keyboard in a minimalist 61-key format, making it ideal for smaller spaces or portable workstations. Whether you're gaming or working, its compact size will save space on your desk while providing full functionality.

Stylish RGB backlighting

Dynamic RGB backlighting adds character to any gaming or work session. You can customize the lighting effects to your preference, which not only makes it easier to use the keyboard in low light, but also adds an attractive gaming touch to your workstation.

Ruggedness and water resistance for everyday use

The keyboard is made of durable ABS material that provides resistance to everyday wear and tear. Thanks to its waterproof design, the Onikuma G55 protects against accidental splashes, offering peace of mind during intense gaming sessions or working with drinks at hand.

Membrane comfort with a mechanical touch

The Onikuma G55 keyboard uses a membrane mechanism with Tea Axis switches that combine the comfort of quiet use with a pleasant, slightly mechanical feel. It's the perfect compromise for those who value smooth key response and comfort for hours of work.
