Colmi V65 Smartwatch (Gray)

The Colmi V65 is a sleek and functional smartwatch that is perfect for everyday use. It is equipped with a 1.32-inch AMOLED display and offers many useful functions, such as measuring heart rate and blood oxygen saturation, for example. You can also use it to make phone calls conveniently. There are also a number of sports modes at your disposal. What's more, the watch is distinguished by its long operating time and IP68 water resistance.

Stylish design

The Colmi V65 smartwatch draws attention with its sleek, stylish design, which is sure to appeal to many users. It is very lightweight and small, making it comfortable to use. Its additional advantage is IP68 water resistance - you don't have to take it off your wrist when you wash your hands or exercise.

Round AMOLED display

The watch is equipped with a 1.32-inch AMOLED screen with a resolution of 466x466. This allows you to enjoy high image quality and vivid, beautiful colors in almost any conditions - even in bright sunlight. There are also different menu styles to choose from - check which one you'll be most comfortable using!

Stay connected

With Colmi, you don't have to worry about missing something important. The V65 smartwatch will instantly notify you of incoming messages - it is compatible with many popular apps. Now you always have all the information you need at your fingertips!

Support for phone calls

With the Colmi V65 smartwatch you can also conveniently talk on the phone - the device supports Bluetooth calls. The watch provides high quality sound and allows you to synchronize your address book. Now you can easily contact your loved ones at home, at work, on a workout, on a walk and more!

It will help you take care of your health

The smartwatch supports several useful functions that will help you take care of your health and react quickly to any worrying symptoms. It allows you to measure your heart rate and blood oxygen saturation for up to 24 hours a day, and can also monitor your sleep, detecting its phases and assessing its quality. This will help you get to know your body better and find out what habits are worth eliminating to feel better! The watch also allows you to monitor your menstrual cycle - it will be an excellent choice for women.

Many sports modes to choose from

Are you trying to lead an active lifestyle? The Colmi V65 watch will help you with this! The device accurately measures your heart rate during exercise and distances covered, it also counts steps, workout duration and calories burned. You can also choose from a multitude of sports modes.
