R1,573

QCY H3 Pro Headphones (White)

The QCY H3 Pro ANC is a wireless in-ear headphone that is shaped like a drop of water. The headphones combine advanced technology with eco-friendly design. Equipped with adaptive noise cancellation, high-quality Hi-Res Audio, 360° spatial sound and comfortable foldable ear cups, they provide a superior audio experience in any situation. With long battery life and intuitive touch controls, they are the ideal choice for both work and travel.

Modern design inspired by nature

The QCY H3 Pro ANC headphones impress with a unique design inspired by the shape of a water drop. Flowing lines and a smooth finish give them a unique elegance, perfectly combining aesthetics with functionality. The uniform color adds to the style, setting them apart from other models.

Eco-friendly design

The earcups of the headphones are made of bio-skin, produced from organic materials such as fruit peels, corn and coffee grounds. This process significantly reduces greenhouse gas emissions compared to traditional leather. The headphones' main housing is created from recycled plastic, helping to reduce waste, and the embossed mesh fabric used avoids the use of harmful chemicals, supporting environmentally friendly practices. By choosing the H3 Pro, you're taking care of the planet, plus ensuring maximum comfort.

Advanced noise reduction

H3 Pro takes active noise reduction to a new level, eliminating sounds of up to 50 dB. The adaptive system adjusts noise reduction to your surroundings, offering four modes ranging from office tranquility, to urban traffic mode, to crowd noise cancellation or transparency, which allows you to hear your surroundings without taking off your headphones.

Uncompromising sound quality

The QCY H3 Pro headphones are Hi-Res Audio and Hi-Res Audio Wireless certified, thanks to support for the LDAC codec. Powerful 40-mm titanium-diaphragm drivers deliver clear, surround sound with exceptional depth and rich detail. The advanced 360° surround sound algorithm allows you to immerse yourself in three-dimensional sound, ideal for both listening to music and watching movies.

Everyday comfort and functionality

The adjustable headband and bio-leather ear cups make the H3 Pro comfortable even during prolonged use, and its swivel capability ensures a perfect fit for different head shapes. The foldable design and ultra-low latency (60ms) make them an ideal choice for travelers and gamers alike. With a wired connection option, the headphones won't let you down even if you forget to charge them.

Long-lasting battery and intuitive controls

The H3 Pro offer up to 55 hours of use with ANC off and 40 hours with active noise cancellation. Fast charging provides 2 hours of playback after just 10 minutes of plugging in. All functions, such as
