Zeblaze Lily 2 smartwatch (pink)

Elegant, lightweight and full of smart features - Zeblaze Lily 2 is a smartwatch for women who, while using modern gadgets, do not want to give up style. With its slim envelope, metal finish and interchangeable straps, it will fit perfectly into any outfit - from everyday looks to evening outings. However, it is not only a fashion accessory, but also a reliable assistant for health, workouts and daily tasks. Equipped with a clear AMOLED display, it monitors your health, and with more than 120 sports modes it helps you take care of your form, health and organization of your day. The watch works with the FitCloudPro app, available on iOS and Android.

Unique design

Zeblaze Lily 2 is distinguished by its compact 38.8-millimeter envelope and a weight of just 21.6 grams (without the strap). Its slimness (10.5mm thick) makes it almost imperceptible on the wrist, while the elegant metal finish adds a touch of class. It comes with two straps – a silicone one and a

steel one in the color of the watch - so you can match its look to the occasion.

Impressive AMOLED display

The 1.2-inch AMOLED screen with a resolution of 390 × 390 pixels provides saturated colors and excellent readability even in harsh sunlight. The Always-on-Display function allows you to have the most important information always at your fingertips, and more than 130 available dials allow you to personalize the look of your smartwatch. You can also upload your own photo as a dial, giving the watch a unique style.

Smart health support

Zeblaze Lily 2 is more than a simple smartwatch - it's your personal health advisor. Around-the-clock measurement of heart rate and blood oxygenation (SpO2), sleep analysis and breathing exercises help you take better care of your well-being. In addition, the watch offers menstrual cycle tracking to remind you of upcoming cycle phases, so you can better plan your daily activities.

120 sports modes - train the way you like.

Want to improve your fitness? Zeblaze Lily 2 offers more than 120 workout modes, from classics like running, cycling and yoga to more advanced ones like interval training. The watch monitors key activity parameters such as calories burned, distance and pace, helping you achieve better results.

Calls and music on your wrist

With a built-in microphone and speaker, you can receive and make calls via Bluetooth without reaching for your phone. The watch also lets you control your music player, so you can switch tracks without interrupting your activities.

A battery that keeps up with you

You don't have to worry about daily charging - the watch lasts up to 14 days in power-saving mode, up to 7 days with standard use, and up to 5 days with heavy use. Charging takes only 1.5 hours, so the watch quickly returns to full readiness.
