

ASUS ROG- MATRIX- RTX5090-P32G- 30TH NVIDIA GeForce RTX 5090 32 GB GDDR7

Model: 90YV0NF2-M0NM00

Manufacturer: ASUS

EAN: 4711636297592

Product Code: 376586

R108,028

Built on Legacy. Performance Perfected.

ASUS Graphics Cards 30th Anniversary Edition

ROG Matrix GeForce RTX™ 5090

Celebrating three decades of ASUS innovation, the ROG Matrix GeForce RTX 5090 graphics card delivers unmatched gaming and thermal performance. When paired with an advanced BTF motherboard and a 12V-2x6 power supply connection, this ROG Matrix GeForce RTX 5090 can draw up to 800 watts and achieve 10% higher performance. The card features a quad-fan design, a copper vapor chamber, liquid metal thermal compound, a 3-ounce copper PCB for efficient GPU cooling and

higher boost clocks, plus Memory Defroster for extreme LN2 overclocking. Combining legacy with cutting-edge technology, this card stakes its claim for GPU supremacy.

Dual Power Input

Featuring a groundbreaking dual-power input design, the ROG Matrix RTX 5090 can draw up to 800 watts when connected to both an advanced BTF motherboard via the BTF Graphics Card High-Power Adapter and directly to a power supply via a 12V-2x6 cable. This innovative approach unleashes the card's full potential, providing up to 10% more headroom for the most demanding gaming and overclocking pursuits.

Ultimate Cooling

The ROG Matrix GeForce RTX 5090 conquers heat with its ultimate cooling features, including quad fans for maximum airflow, a vapor chamber for rapid heat transfer, and liquid metal for superior GPU thermal conductivity. This potent combination ensures exceptional thermal performance, empowering the card to achieve the highest clock speeds and unwavering stability for an unparalleled gaming experience.
