it’s not just what you want;
it's what you didn't know you needed.

Ergonomic Dual-Bevel Design

The Science of Fit

Meet the OpenFit Air’s ergonomic dual-bevel design, straight from the genius minds at Shokz Labs. Through extensive studies and tests, they didn’t just engineer a fit; they engineered a steadfast, secure, stable fit — and looking sleek from the front.

Shokz DirectPitch

for Open-Ear Listening

OpenFit Air is your sound done right. With our exclusive DirectPitch™ tech, we're not just talking balanced; we're talking precise, keeping your audio where it belongs with even less sound leakage. And those specially designed tuning holes? They're all about keeping your tunes clear and natural.

Smart Bass Vibes

With Shokz OpenBass™ Air, our proprietary low-frequency enhancement algorithm, these earbuds bring deep bass and detailed richness without unnecessary fuss. Positioned to vibe with your ear canal, they're all about that perfect bass.

Sleek Silverlight Finish

Meticulously crafted, OpenFit Air radiates vitality with elegance. The matte silicone surface combined with a metallic silverlight ring creates a stunning visual effect that's all about the beauty of tech. Choose from 3 stunning colours to effortlessly match your style, bold or minimalistic.

Open-Ear Listening for Transparency

Become the ultimate multitasker with Shokz's exclusive open-ear design. Stay plugged into the real world while you’re on the move, taking a breather, or managing that to-do list.

Sweat & Water-Resistant
