

TP-Link Omada 5G Outdoor Gateway

Model: ER701-5G-Outdoor

Manufacturer: TP-LINK

EAN: 1210002601405

Product Code: 377526

R14,114

Blazing Ahead in 5G Performance

Omada 5G Outdoor Gateway Built to Go Where Wired Broadband Can't — Fast, Reliable, and Deployable Anywhere

Empower Your Network with Outdoor 5G — More Convenience, Higher Speed, Better Signal

Delivering blazing-fast, reliable 5G, the Omada ER701-5G-Outdoor brings instant connectivity to areas where wired broadband isn’t practical. It serves as either primary 5G/4G broadband access or an internet backup for indoor gateways. Perfect for remote deployments, temporary sites, and hard-to-wire facilities.

Up to 7.01 Gbps — Breakthrough Outdoor 5G Performance

Experience ultra-fast 5G with peak download speeds of up to 7.01 Gbps*—46.7× faster than 4G LTE. Powered by Omada’s exclusive Ultra5G technology, Omada ER701-5G-Outdoor delivers one of the fastest 5G connections on the market. Enjoy seamless streaming, instant downloads, and upload speeds of up to 1.25 Gbps. Perfect for sharing videos and live streaming in real time.

Effortless App-Guided Antenna Alignment for Peak 5G Performance

Simplify installation with real-time signal strength in the Omada app, making it easy to align the 5G outdoor gateway with the nearest tower for optimal performance.

Unmatched 5G Performance with Advanced Hardware

With 9× high-gain directional internal cellular antennas, ER701-5G-Outdoor guarantees strong, stable 5G signals. Its 2.2 GHz quad-core CPU ensures high-speed processing with ultra-low latency, while the 2.5G PoE port simplifies outdoor deployment by reducing wiring complexity.

Dual SIM Failover Ensures Uninterrupted Connectivity

In scenarios involving automatic failover mechanisms, backup WAN connections, and various network switching situations, the system ensures your business stays up and running.

Robust Outdoor Design for Long-Lasting Reliability

The fully sealed ER701-5G-Outdoor is dustproof, waterproof, and built to endure prolonged submersion and extreme outdoor conditions.
